

If I had a brother,	we would play every day.
If I saw an alien,	I would run away.
If I lived on Mars,	I would watch the stars around.
If I found a seed,	I would plant it in the ground.
If I had a brother,	we would play every day.
If I saw an alien,	I would run away.
If I lived on Mars,	I would watch the stars around.
If I found a seed,	I would plant it in the ground.
If I had a brother,	we would play every day.
If I saw an alien,	I would run away.
If I lived on Mars,	I would watch the stars around.
If I found a seed,	I would plant it in the ground.
