

## COMMUNICATION ACTIVITY:

### EXTREME BRAINSTORMING (Covid-19 safe)

**Aim:** to unlock students' creativity, to share ideas, to improve social skills such as cooperation and attentive listening, to learn to respect different perspectives, to brainstorm effectively

**Classroom dynamics:** team work

**Time taken:** 20-25 minutes

**TOPIC:** Challenges of practicing extreme sports

**How to do it:** tell students they are going to brainstorm a lot according to the following stages (use miro.com during online lessons), additionally each student is going to get 3 / 4 talking chips to use during brainstorming (the aim is to get rid of all of them = it should motivate your students to take part in the activity):

#### STAGE 1: In teams - each student gets 3 sticky notes & writes 3 ideas in 3 minutes

#### STAGE 2: Teams decide on the best 3 ideas in 6 minutes - a lot of negotiating here

**STAGE 3: Team 1+2 & Team 3+4 - CHOOSE 3 ideas out of 6 in 10 minutes = a lot of talking here**

**STAGE 4: Voting - each student draws a dot next to the idea they like most (each student has 3 dots to use)**

**Number 3**

**Talking chips ( each student receives 3 /4 of them):**

**Talking Chips**
